

SERGIO BOCCIA LIGHTING DESIGN

IALD, TNT

SBLD is an independent lighting design firm, handling projects from the outset till the final opening, mostly in Europe, Asia and the Middle East.

Darkness is the new luxury, Architecture is a social service, Light cannot be drawn, are mottos condensing leitmotifs of our practice.

Partnering for over a decade with some of the most prominent architecture offices and hospitality operators, the firm built a solid understanding of the cultural and environmental conditions proper of each market.

Sergio Boccia is lecturer in Integrative Design Management at the CEIBS, International Business School, Zurich and teacher at NABA University in Milan.

Implementing the design-with-smile-policy, he is confident in light changing people™.
